

URBAN EFFICIENCY GROUP, LLC PRESENTS:

# GREEN LANDSCAPE TECHNOLOGY VIRTUAL TOWN HALL

Learn the adverse health impacts of gas-powered technology in today's landscape and join the conversation on taking the necessary steps to transition to being electrically-operated throughout residential homes and our community.

CROSS  
COMMUNITY  
CLIMATE  
COLLABORATIVE

This event is designed for:

- **Community Residents**
- **Landscape Industry Professionals**
- **Elected Village Officials**

All are welcome to provide awareness, education, and resources to empower the community for a truly equitable electrification transition.

**Date:** Thursday, July 20, 2023

**Time:** 10:00am - 12:00pm

**Register:** [shorturl.at/agrE6](https://shorturl.at/agrE6)
